

VETOQUINOL LAUNCHES ITS EMPLOYER BRAND

The veterinary pharmaceutical company Vetoquinol launches its employer brand. For 83 years, Vetoquinol has been building its future, drawing on relationships of trust with its partners, the development of every employee, and its long-held belief of continuous improvement. Following on from its corporate brand, the company is now positioning itself as a high-quality employer.

"This philosophy is epitomised in our products, in the relationships we create with our partners and between ourselves, colleagues from all four corners of the world. We strongly believe that a relationship of trust gives rise to better products, better services and better people," says Chief Executive Officer Matthieu Frechin.

Working at Vetoquinol means working at a veterinary pharmaceutical company which has strong human values and an ongoing commitment to helping employees grow. *"We believe that these attributes are genuine, make us stand out from our competitors, and are a source of inspiration for both candidates and our teams,"* says Isabelle Proust-Cabrera, Global Human Resources Director.

Your future, their health, our family: let's grow your talent together.

At Vetoquinol, our teams are acting for the health and well-being of both animals and people. As a family business, we encourage relationships of trust, team spirit and flexibility.

With your talent, let's achieve more together!

Who is better placed to talk about Vetoquinol than its employees?

To show this more concretely in pictures, our four main activities – research & development, manufacturing, sales and support functions – are illustrated by photos of four employees who were happy to be involved in the photo shoot. The graphic design principles of our corporate identity were used to depict the work they do.

Alongside this, interviews were conducted with employees to ask each of them what working at Vetoquinol means for them and what is important to them. There are now four videos which will show potential candidates – and our partners – why Vetoquinol is a great place to work. Discover them in our Vetoquinol Global LinkedIn Page.

Time for social networks

Our Vetoquinol Global LinkedIn page LinkedIn (<https://www.linkedin.com/company/vetoquinol>) has over 8,000 followers and it showcases the Group's activities and what we do every day, including events such as trade fairs, product launches, press coverage, internal events, new appointments, job vacancies, financial results, and much more. Via this page you can follow our brand and see regular updates of what we're doing. You will discover a pharmaceutical company which is committed to animal health and to its genuine and strong human values; a company which works everyday to develop its talent, improve animal well-being around the world, and provide complete satisfaction to its partner customers.

About Vetoquinol

Vetoquinol is a leading global player in the animal health sector serving both the livestock (cattle and pigs) and pet (dogs and cats) markets.

An independent pure player, Vetoquinol designs, develops and sells veterinary drugs and non-medicinal products in Europe, the Americas and the Asia Pacific region.

Since its foundation in 1933, Vetoquinol has pursued a strategy combining innovation with geographical diversification. The Group's hybrid growth is driven by the reinforcement of its product portfolio coupled with acquisitions in high potential growth markets. Vetoquinol employs over 2,000 people.

Vetoquinol has been listed on NYSE Euronext Paris since 2006 (symbol: VETO).
